

# On the Street Where I Live

*by Harry Zirkelbach January 5, 2018

The street where I live is very old.

It has had many names.

I have reviewed them all before writing anything.  
Stopped counting at fifty.

Yet at this moment,

You are looking at the street where I have always lived.

For I have lived as stardust, only in this body,  
my earthly home.
