It is an hour long monthly gathering of residents on third Friday at 2:00 PM at Centerpoint our central gathering space. Refreshments are provided.

There are typically two moderators taking turns asking the questions. Normally each correct answer is given a point - thoughts may vary at the behest of that moderator. The total questions, usually 60 alternated between the two questioners. Typically one asks questions of Sports, history, current events. The other on Music, plays books and the like.

As mentioned each group is on the honor system and should the question be for instance,  
Who was Queen of France at the time of the French Revolution and your group replies Mary Antoinette, also misspelled. It is up to the team to decide if their reply was within the boundary of the moderators intent.

We form small teams at separate tables; all are asked questions on almost anything. Genuine TRIVIA. Each group puts their thoughts together to correctly answer the question raised. A record of reply is made, and then compared with the answer deemed to be correct by the moderator. No Prizes are awarded. Keeping score is on the honor system, just a gathering of friends, challenging their recall of information that may or may not be common knowledge. (Give your self credit .. .. it's a day of fun!

The reward this ... knowing each has exercised their recall of common facts stored in memory an earlier moment. And the thought, you often recalled, correctly, as part of a team of fellow residents.

Come, pick a team, enjoy, meet others with a similar adventurous mind Smile. Become a friend to all.
