

## Emberising Moments

"May I help you"

"No, I'm just looking."

This was a common exchange at the candy counter where I worked. I went back to cleaning the display case.

It took a moment for me to realize that there was nothing to look at, as I was cleaning the display case where the man was standing. Then I glanced down and realized that the neckline of my dress, when I bent over, revealed more of me than I would have wished.

"Oh, no" I groaned as the blood rushed to my face making me blush. I could hear him chuckle as he turned and walked away.
