

Who's there? Huh?

*By Natalie Lawson*

Who's there?

I am.

Who are you?

Mariam. May I visit you?

Who's there?

A person of great importance

What do you mean?

The mayor of your city for instance, will you vote for me?

Who's there?

Mary Mary.

What do you need?

Nothing, I am just being contrary.

Who's there?

Nobody, I just like your door. It's very Romanesque.

Go away! I'll count to four as I rise from my desk.

Who's there?

A hallucinogenic lady

What do you need?

I have a fondness for the heavenly;

I am someone you can feed.

Who's there?

I think I'm about to faint

I'll bring you some water

Thank you. I think it's the paint

I guess I can't be a potter.

Who's there?

A crazy lady person

What do you want or prefer?

Call the funny wagon my head's stuck on who's there...
