

## Don't Worry, Be Happy – But What About My Dessert?

By Nancy Mann

Somebody, please, our values “re-set!”  
If we don't, you can bet...  
We're headed for a certain fall  
Old, young, thin, fat, small...

Children gettin' diabetes-from sugar –  
Trans fats are fed!  
Wash their food down –in Flint  
With water, laced with lead...

I don't understand, in Hollywood,  
Central Kansas, across the land –  
Just why are the Kardashians tolerated, “*allowed?*”  
Exactly, of what, are they so proud?

Please understand – I don't see the humor  
Of a current, sold-out, popular movie,  
“Lady In A Van...”

May I repeat? Germans would say...“wiederholen?”  
I ordered a Bavarian dessert in a restaurant, once.  
Waiters brought it to the table,  
But told me... it was....*stollen!*
