

## **Outrageous Numbers**

by Suzy Hopkins

Nationwide there are 211,195 federal prison inmates.

74.5% are from the U.S.

17.9% are from Mexico

1% are from Colombia

1% are from the Dominican Republic

.7% are from Cuba

5% are from other countries like Afghanistan and Pakistan

I wonder why these 53,854 non-Americans came to this country and committed horrible crimes against Americans. At least they are locked up – for now.
