

Take the Next Turn  
by Dennis Payton Knight

Here's to you who know where you're going,  
For your course will be true,  
And you'll be there at the end.

Here's to you whose goals are unsure.  
Your lessons will try you,  
And your route will oft bend.

But think of what you'll get on the way,  
The fun you may have, the love you may share,  
The truths you may learn.

Wisdom is found not when you get there,  
But all along the way.  
If you want to live life,  
Take the next turn.
